

# RUSTMEET 2026

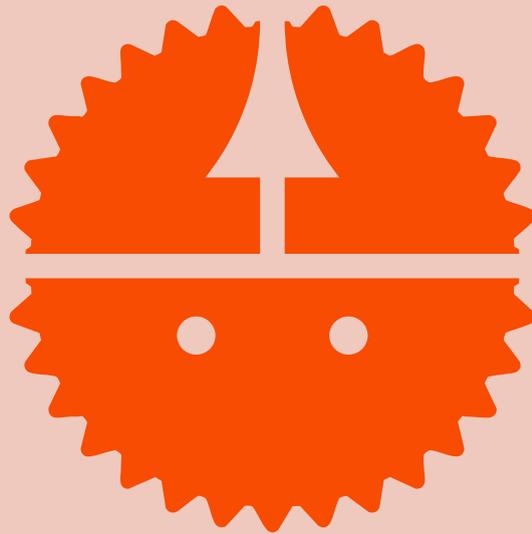

**Sponsorship Prospectus**

Date:  
**12-14 June 2026**

Location:  
**Hotel Kolna\*\*\*  
Kraków, Poland**

# Rustmeet vision

Rustmeet started as the **first conference** in Poland dedicated entirely to the Rust programming language. Unlike similar events, our primary focus is on **community building**. Our events are not driven by a single company, instead, they are shaped by the **Rust community from all across Poland**, which takes an active role in deciding our program. We don't limit ourselves to talks - our conference also features hands-on workshops, lightning talks, and various activities designed to **foster collaboration and support projects powered by Rust**. The event's relaxed weekend atmosphere encourages **networking and the uninhibited exchange of knowledge**.
